

Safety Data Sheet per OSHA HazCom 2012

## Product name: 6-Hydroxy-1,2,3,4-tetrahydronaphthalene

	ranyu onaphinalene	
Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.		(Contd. of page 1)
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon Special hazards arising from the subs If this product is involved in a fire, the fol Carbon monoxide and carbon dioxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.	dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. s <b>tance or mixture</b> llowing can be released:	
6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.		
Conditions for safe storage, including Storage Requirements to be met by storeroon	explosions and fires: No information known. g any incompatibilities ns and receptacles: No special requirements. Imon storage facility: Store away from oxidizing agents. Inditions:	
Control parameters	of technical systems: designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. quire monitoring at the workplace: Not required. sures andling chemicals should be followed. and feed. thing immediately.	
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate w <b>Breathing equipment:</b> Use suitable res <b>Protection of hands:</b> Impervious gloves Check protective gloves prior to each us	vorking environment. pirator when high concentrations are present. re for their proper condition. r depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	
9 Physical and chemical properties Information on basic physical and chemical properties		
General Information Appearance: Form: Color: Odor: Odor threshold:	Powder Off-white Not determined Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	Not determined Not determined Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature:	> 110 °C (> 230 °F) Not determined. Not determined Not determined
