

Safety Data Sheet per OSHA HazCom 2012

Product name: (S)-(-)-1,1,2-Triphenyl-1,2-ethanediol

(Contd. of page 1)

Information for doctor

Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media

Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Advice for firefighters **Protective equipment:** Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves

Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing.

9 Physical and chemical properties

| 9 Physical and chemical properties | Priysical and chemical properties | | |
|---|--|--|--|
| Information on basic physical and ch General Information Appearance: Form: Color: Odor: Odor: | Powder Pale brown Not determined | | |
| Odor threshold: | Not determined. | | |
| pH-value: | Not applicable. | | |
| Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting: | 125-127 °C (257-261 °F) Not determined Not determined Not determined Not determined Not determined Not determined Not determined. | | |
| Danger of explosion: | Not determined. | | |
| | | | |

Product name: (S)-(-)-1.1.2-Triphenvl-1.2-ethanediol

| 11 Toxicological information | | | |
| Information on toxicological effects Acute toxicity: No effects known. | | | |
| LD/LC50 values that are relevant for o | classification: No data | | |
| Skin irritation or corrosion: Causes skin Eye irritation or corrosion: Causes set | | | |
| Sensitization: No sensitizing effects kno | nown. | | |
| Germ cell mutagenicity: No effects kno | own. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. | | |
| Reproductive toxicity: No effects know | wn. | | |
| Specific target organ system toxicity | r - repeated exposure: No effects known. | | |
| Aspiration hazard: No effects known. | - single exposure: May cause respiratory irritation. | | |
| Subacute to chronic toxicity: No effec | | | |
| Additional toxicological information. | To the best of our knowledge the acute and chronic toxicity of this substance is not fully known. | | |
| 12 Ecological information | | | |
| Toxicity | """ | | |
| Aquatic toxicity: No further relevant inf Persistence and degradability No furth | formation available. | | |
| Bioaccumulative potential No further r Mobility in soil No further relevant infor | relevant information available. | | |
| Mobility in soil No further relevant infor Additional ecological information: | rmation available. | | |
| General notes: | | | |
| Do not allow undiluted product or large of Avoid transfer into the environment. | quantities to reach ground water, water course or sewage system. | | |
| Results of PBT and vPvB assessment | Results of PBT and vPvB assessment | | |
| PBT: Not applicable. vPvB: Not applicable. | | | |
| Other adverse effects No further releva | ant information available. | | |
| 13 Disposal considerations | | | |
| Waste treatment methods | | | |
| Recommendation Consult state, local of | or national regulations to ensure proper disposal. | | |
| Uncleaned packagings: Recommendation: Disposal must be m | node according to official regulations | | |
| • | | | |
