

1 Identification Product identifier

## Product name: Chloro(1,5-cyclooctadiene)rhodium(I) dimer Stock number: 10466 CAS Number: 12092-47-6 EC number: 235-157-6 Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development Details of the supplier of the safety data sheet Manufacturer/Supplier: Manufacturer/Supplier. Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757 Email: tech@alfa.com www.alfa.com Information Department: Health, Safety and Environmental Department Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789. 2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified as hazardous according to 29 CFR 1910 (OSHA GHS). Hazards not otherwise classified No information known. I abel elements GHS label elements Not applicable Hazard pictograms Not applicable Signal word Not applicable Hazard statements Not applicable WHMIS classification Not controlled Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System) 1 Health (acute effects) = 1Flammability = 1 Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 12092-47-6 Chloro(1,5-cyclooctadiene)rhodium(I) dimer Identification number(s): EC number: 235-157-6 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen chloride (HCl) Metal oxide fume Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures

**Personal precautions, protective equipment and emergency procedures** Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation **Environmental precautions:** Do not allow product to reach sewage system or any water course.

	i devisi	011 date 10/11/2010
Product name: Chloro(1,5-cycloocta	adiene)rhodium(I) dimer	
Methods and material for containmen Prevention of secondary hazards: No Reference to other sections See Section 7 for information on safe ha See Section 8 for information on person See Section 13 for disposal information.		(Contd. of page 1)
Conditions for safe storage, including Storage Requirements to be met by storeroom Information about storage in one com Store away from water/moisture. Do not store together with acids. Store away from oxidizing agents. Further information about storage con Store under dry inert gas. This product is hygroscopic. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well seale Protect from humidity and water. Specific end use(s) No further relevant 8 Exposure controls/personal protect	explosions and tires: No information known. g any incompatibilities ns and receptacles: No special requirements. mon storage facility: nditions: ed containers. t information available. ection	
Additional information about design of Properly operating chemical fume hood Control parameters Components with limit values that red	designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
