

Safety Data Sheet per OSHA HazCom 2012

Product name: (S)-(-)-3-(Boc-amino)pyrrolidine

Product name: (5)-(-)-5-(Boc-annito)pyrronaine	
Indication of any immediate medical attention and special treatment needed No further relevant information available.	(Contd. of page 1)
5 Fire-fighting measures	
Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released:	

Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing po Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Possibly Hydrogen cyanide (HCN) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Ensure adequate ventilation Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage

Handling

Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed Ensure good ventilation at the workplac Information about protection against	containers. e. explosions and fires: No information known.	
Conditions for safe storage, including Storage Requirements to be met by storeroom Information about storage in one con Store away from oxidizing agents. Store away from air. Further information about storage co Store under dry inert gas. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well seal Specific end use(s) No further relevant	ns and receptacles: No special requirements. mmon storage facility: inditions:	
8 Exposure controls/personal prot	ection	
Additional information about design of Properly operating chemical fume hood	of technical systems: designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters Components with limit values that re- Additional information: No data	quire monitoring at the workplace: Not required.	
Protection of hands: Impervious gloves Check protective gloves prior to each us	andling chemicals should be followed. and feed. othing immediately. nd of work. working environment. spirator when high concentrations are present. se for their proper condition. y depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. minutes) Not determined	
9 Physical and chemical properties	5	
Information on basic physical and ch General Information Appearance: Form: Color: Oder:	Powder White	
Odor: Odor threshold:	Not determined Not determined.	
pH-value:	Not applicable.	
		(Contd. on page 3)

Product name: (S)-(-)-3-(Boc-amino)pyrrolidine

Page 3/4 Printing date 11/24/2015 Reviewed on 02/05/2010

Product name: (S)-(-)-3-(Boc-amino)	pyrrolidine			
		(Contd. of page 2)		
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	50-54 °C (122-129 °F) Not determined Not determined			
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not applicable Not determined. Not determined Not determined Not determined.			
Danger of explosion: Explosion limits: Lower:	Product does not present an explosion hazard. Not determined			
Upper: Vapor pressure: Density: Relative density	Not determined Not applicable. Not determined Not determined.			
Vapor density Evaporation rate Solubility in / Miscibility with	Not applicable. Not applicable.			
Water: Partition coefficient (n-octanol/water). Viscosity:				
dynamic: kinematic: Other information	Not applicable. Not applicable. No further relevant information available.			
10 Stability and reactivity Reactivity No information known.				
Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents				
Air Carbon dioxide Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides Possibly Hydrogen cyanide (HCN)				
11 Toxicological information				
Information on toxicological effects Acute toxicity: Swallowing will lead to a strong corrosive effect on mouth and throat and to the danger of perforation of esophagus and stomach. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: Causes severe skin burns. Eye irritation or corrosion: Causes severe skin burns. Eye irritation or corrosion: Causes severe skin burns. Germ cell mutagenicity: No effects known. Carcinogenicity: No effects known. Carcinogenicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.				
12 Ecological information				
Toxicity Aquatic toxicity: No further relevant inf Persistence and degradability No furth Bioaccumulative potential No further r Mobility in soil No further relevant infor Additional ecological information: General notes:	er relevant information available. elevant information available.			
Do not allow material to be released to the				
13 Disposal considerations				
Waste treatment methods	r national regulations to ensure proper disposal. ade according to official regulations.
