

### Safety Data Sheet per OSHA HazCom 2012

# Product name: Tetraamminepalladium(II) chloride monohydrate

Product name: Tetraamminepalladium(II) chloride mononydrate	
	(Contd. of page 1)
4 First-aid measures	
Description of first aid measures After inhalation	
Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
After skin contact	
Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice.	
After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment. Information for doctor	
Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available.	
Indication of any immediate medical attention and special treatment needed No further relevant information available.	
5 Fire-fighting measures	
Extinguishing media	
Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture	
Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Nitrogen oxides (NOx)	
Hydrogen chloride (HCI) Metal oxide fume	
Ammonia	
Advice for firefighters Protective equipment:	
Wear self-contained respirator. Wear fully protective impervious suit.	
6 Accidental release measures	
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.	
Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits	
Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Dispose of contaminated material as waste according to section 13. Provention of secondary bazards: No section accurate required	
Prevention of secondary hazards: No special measures required. Reference to other sections	
See Section 7 for information on safe handling See Section 8 for information on personal protection equipment.	
See Section 13 for disposal information.	
7 Handling and storage	
Handling	
Precautions for safe handling Handle under dry protective gas.	
Keep container tightly sealed. Store in cool, dry place in tightly closed containers.	
Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known.	
Conditions for safe storage, including any incompatibilities	
Storage Requirements to be met by storerooms and receptacles: No special requirements.	
Information about storage in one common storage facility:	
Store away from water/moisture. Store away from oxidizing agents.	
Store away from oxidizing agents. Store away from metals. <b>Further information about storage conditions:</b>	
Store under drv inert gas.	
This product is hygroscopic. Keep container tightly sealed.	
Store in cool, dry conditions in well sealed containers. Protect from humidity and water.	
Specific end use(s) No further relevant information available.	
8 Exposure controls/personal protection	
Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.	
Control parameters	
Components with limit values that require monitoring at the workplace:	
The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data	
Exposure controls	
Personal protective equipment General protective and hygienic measures	
The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed.	
Remove all soiled and contaminated clothing immediately.	
Wash hands before breaks and at the end of work. Avoid contact with the eyes.	
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment.	
Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use:	
Use a respirator with type P100 (USA) or P3 (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to d	etermine if air-
purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. <b>Protection of hands:</b>	
Impervious gloves Check protective gloves prior to each use for their proper condition.	
The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	
Penetration time of glove material (in minutes) Not determined	(Contd. on page 3)
	USA

## Product name: Tetraamminepalladium(II) chloride monohydrate

*Eye protection:* Safety glasses *Body protection:* Protective work clothing.

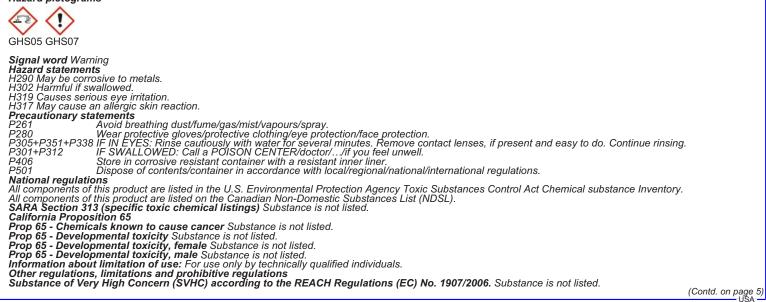

(Contd. of page 2)

Body protection: Protective work clothin	ng.			
9 Physical and chemical properties				
Information on basic physical and che General Information Appearance: Form:				
Color:	Cólorless to yellow			
Odor: Odor threshold:	Not determined Not determined.			
pH-value:	Not applicable.			
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	120 °C (248 °F) (dec) Not determined Not determined Not determined Not determined Not determined Not determined Not determined			
Danger of explosion: Explosion limits: Lower:	Not determined. Not determined			
Upper: Vapor pressure: Density at 20 °C (68 °F): Relative density Vapor density Evaporation rate	Not determined Not applicable. 1.91 g/cm <sup>3</sup> (15.939 lbs/gal) Not determined. Not applicable. Not applicable.			
Solubility in / Miscibility with Water: Partition coefficient (n-octanol/water):	Solubility in / Miscibility with			
Viscosity: dynamic: kinematic: Other information	Not applicable. Not applicable. No further relevant information available.			
Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available. Incompatible materials: Water/moisture Oxidizing agents Metals Hazardous decomposition products: Nitrogen oxides Hydrogen chloride (HCI) Metal oxide fume Ammonia				
Reproductive toxicity: No effects know. Specific target organ system toxicity - Specific target organ system toxicity - Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect	) irritation ious eye irritation. in reaction. wn. on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. n. <b>- repeated exposure:</b> No effects known. <b>- single exposure:</b> No effects known.			
12 Ecological information Toxicity Aquatic toxicity: No further relevant info Persistence and degradability No furth Bioaccumulative potential No further re Mobility in soil No further relevant infor Ecotoxical effects:	ner relevant information available. elevant information available. mation available.			
Remark: Very toxic for aquatic organism Additional ecological information: General notes: Do not allow material to be released to th	he environment without proper governmental permits. Iter, water course or sewage system, even in small quantities. Ily small quantities leak into the ground. vater bodies. o aquatic life.			

PBT: Not applicable.

vPvB: Not applicable. Other adverse effects No further relevant information available.	(Contd. of pag
3 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ens Uncleaned packagings: Recommendation: Disposal must be made according to official reg Recommended cleansing agent: Water, if necessary with cleansing	aulations.
4 Transport information	
UN-Number DOT, IMDG, IATA	UN3077
UN proper shipping name DOT IMDG, IATA	Environmentally hazardous substances, solid, n.o.s. (Tetraamminepalladium(II) chloride monohydrate) ENVIRONMENTALLY HAZARDOUS SUBSTANCE, SOLID, N.O.S. (Tetraamminepalladium(II) chloride monohydrate)
Transport hazard class(es) DOT, IMDG	
Class Label Class Label IATA	9 Miscellaneous dangerous substances and articles. 9 9 (M7) Miscellaneous dangerous substances and articles 9
Class Label	9 Miscellaneous dangerous substances and articles. 9
Packing group DOT, IMDG, IATA	III
Environmental hazards: Special marking (ADR): Special marking (IATA):	Symbol (fish and tree) Symbol (fish and tree)
Special precautions for user EMS Number:	Warning: Miscellaneous dangerous substances and articles F-A,S-F
Transport in bulk according to Annex II of MARPOL73/78 and the	
Transport/Additional information: DOT	
Marine Pollutant (DOT): UN "Model Regulation":	No UN3077, Environmentally hazardous substances, solid, n.o.s. (Tetraamminepalladium(II) chloride monohydrate), 9, III

GHS label elements The product is classified and label Hazard pictograms

### Product name: Tetraamminepalladium(II) chloride monohydrate

(Contd. of page 4) The conditions of restrictions according to Article 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the

market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed. Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
