

Safety Data Sheet per OSHA HazCom 2012

1	Identification
	Product identifier Product name: 3-Amino-2-phenylindenone
	Stock number: A11397, L06370
	CAS Number: 1947-47-3
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development
	Details of the supplier of the safety data sheet Manufacturer/Supplier:
	Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street
	Ward Hill, MA 01835-8099
	Tel: 800-343-0660 Fax: 800-322-4757 Email: tech@alfa.com
	Infan. Ison Sana.com Information Department: Health, Safety and Environmental Department
	Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.
2	Hazard(s) identification
-	Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)
	The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.
	Label elements GHS label elements Not applicable
	Hazard pictograms Not applicable Signal word Not applicable
	Hazard statements Not applicable WHMIS classification Not controlled
	Classification system HMIS ratings (scale 0-4)
	(Hazardouš Materials Identification System)
	File Filemmability = 1 REACTIVITY I Physical Hazard = 1
	Other hazards Results of PBT and vPvB assessment
	PBT: Not applicable. vPvB: Not applicable.
3	Composition/information on ingredients
	Chemical characterization: Substances CAS# Description:
	1947-47-3 3-Amino-2-phenylindenone
4	First-aid measures
	Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm.
	Supply resn an in required, provide artificial respiration. Reep patient warm. Seek immediate medical advice. After skin contact
	Immediately wash with water and soap and rinse thoroughly.
	After eve contact Rinse opened eve for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.
	Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available.
	Indication of any immediate medical attention and special treatment needed No further relevant information available.
5	Fire-fighting measures
	Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture
	The first involved in a fire, the following can be released: Carbon monoxide and carbon dioxide
	Hydrogen cyanide (HCN)
	Advice for firefighters Protective equipment:
	Wear self-contained respirator. Wear fully protective impervious suit.
6	Accidental release measures
	Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away.
	Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits.
	Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special measures required.
	Reference to other sections See Section 7 for information on safe handling
	(Contd. on page 2)

	lenone			
See Section 8 for information on persona See Section 13 for disposal information.	al protection equipment.	(Contd. of page 1)		
7 Handling and storage				
Handling				
Precautions for safe handling Keep container tightly sealed.				
Store in cool. dry place in tightly closed of	containers.			
Information about protection against explosions and fires: No information known.				
Conditions for safe storage, including any incompatibilities Storage				
Requirements to be met by storerooms and receptacles: No special requirements.				
Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions:				
Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.				
Store in cool, dry conditions in well seale Specific end use(s) No further relevant	information available.			
8 Exposure controls/personal prote	ection			
Additional information about design o				
Properly operating chemical fume hood (designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.			
Control parameters	and the stand of the standard and the standard and the standard standard standard standard standard standard st			
Components with limit values that req Additional information: No data	quire monitoring at the workplace: Not required.			
Exposure controls				
Personal protective equipment General protective and hygienic meas				
General protective and hygienic meas The usual precautionary measures for ha	sures rendling chemicals should be followed			
Keep away from foodstuffs, beverages a Remove all soiled and contaminated clot	and feed.			
Remove all soiled and contaminated clot Wash hands before breaks and at the en	thing immediately.			
Maintain an ergonomically appropriate w	vorking environment.			
Breathing equipment: Use suitable resp	pirator when high concentrations are present.			
Protection of hands: Impervious gloves				
Check protective gloves prior to each us	se for their proper condition.			
Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.				
Penetration time of glove material (in	minitas) Not dataminad			
Eve protection: Safety glasses	minutes) Not determined			
Penetration time of glove material (in l	minutes) Not determined			
Eve protection: Safety glasses	ing.

Reactivity No information known. Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions No dangerous reactions known Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides

11 Toxicological information Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this mate Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute	n.			
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow material to be released to the environment without proper governmental permits. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.				
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.				
14 Transport information Not a hazardous material for transportation.				
UN-Number DOT, IMDG, IATA	None			
UN proper shipping name DOT, IMDG, IATA	None			
Transport hazard class(es) DOT, ADR, IMDG, IATA	Alara			
Class Packing group DOT, IMDG, IATA	None			
	None			
Environmental hazards: Special precautions for user	Not applicable. Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Cod				
Transport/Additional information:	Not dangerous according to the above specifications.			
DOT Marine Pollutant (DOT):	No			
15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements Not applicable Hazard pictograms Not applicable Mazional regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. SARA Section 31 (specific toxic chemical listings) Substance is not listed. Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity, genale Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for all Substance is not listed. Prop 65 - Developmental toxicity for the substance is not listed. Prop 65 - Developmental toxicity for the substance is not listed. Cother regulations and prohibitive regulations for the substance is not lis
