

	Rever	ved on 11/24/2015
1	Identification	
	Product identifier	
	Product name: <u>4-(Phenylamino)biphenyl</u> Stock number: H64808	
	CAS Number: H04808 32228-99-2	
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
	Details of the supplier of the safety data sheet Manufacturer/Supplier:	
	Alfa Aesar Thermo Fisher Scientific Chemicals, Inc.	
	30 Bond Street Ward Hill, MA 01835-8099	
	Tel: 800-343-0660 Fax: 800-322-4757 Email: tech@alfa.com	
	www.alfa.com	
	Information Department: Health, Safety and Environmental Department Emergency telephone number:	
	During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-	0789.
	Hazard(s) identification	
	Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) The substance is not classified according to the Globally Harmonized System (GHS).	
	Hazards not otherwise classified No information known.	
	GHS label elements Not applicable Hazard pictograms Not applicable	
	Signal word Not applicable Hazard statements Not applicable	
	WHMIS classification Not controlled Classification system	
	HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
	HEALTH     I       Health (acute effects) = 1       FIRE     I       Flammability = 1	
	FIRE     I       REACTIVITY     Physical Hazard = 1	
	Other hazards Results of PBT and vPvB assessment	
	PBT: Not applicable. vPvB: Not applicable.	
3	Composition/information on ingredients	
	Chemical characterization: Substances CAS# Description:	
	32228-99-2 4-(Phenylamino)biphenyl	
4	First-aid measures	
	Description of first aid measures After inhalation	
	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
	After skin contact Immediately wash with water and soap and rinse thoroughly.	
	Seek immediate medical advice. <b>After eye contact</b> Rinse opened eye for several minutes under running water. Then consult a doctor. <b>After swallowing</b> Seek medical treatment.	
	Information for doctor	
	wost important symptoms and enects, both acute and delayed no further relevant information available.	
	Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available.	
	Indication of any immediate medical attention and special freatment needed No further relevant information available. Fire-fighting measures	
	Fire-fighting measures Extinguishing media	
	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.	
5	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
5	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment:	
5	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide	
5	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator.	
5	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.  Accidental release measures Personal precautions, protective equipment and emergency procedures	
5	Fire-fighting measures         Extinguishing media         Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.         Special hazards arising from the substance or mixture         If this product is involved in a fire, the following can be released:         Carbon monoxide and carbon dioxide         Nitrogen oxides (NOx)         Advice for firefighters         Protective equipment:         Wear self-contained respirator.         Wear self-contained respirator.         Wear fully protective impervious suit.         Accidental release measures         Personal precautions, protective equipment and emergency procedures         Wear protective equipment.         Keep unprotected persons away.         Ensure adequate ventilation	
6	Fire-fighting measures         Extinguishing media         Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.         Special hazards arising from the substance or mixture         If this product is involved in a fire, the following can be released:         Carbon monoxide and carbon dioxide         Nitrogen oxides (NOx)         Advice for firefighters         Protective equipment:         Wear fully protective impervious suit.         Accidental release measures         Personal precautions, protective equipment and emergency procedures         Wear protective equipment.         Ensure adequate ventilation         Ensure adequate ventilation         Ensure adequate ventilation         Ensure adequate ventilation         Ensure adequate for containment and cleaning up: Pick up mechanically.	
6	Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOX) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.  Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow product to reach sewage system or any water course. Methods and material for containment and cleaning up: Pick up mechanically. Prevention of secondary hazards: No special measures required. Reference to other sections

## Product name: 4-(Phenylamino)biphenyl

See Section 13 for disposal information.

## 7 Handling and storage

Handling Precautions for safe handling Handle under dry protective gas. Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Information about protection against explosions and fires: No information known.

Conditions for safe storage, including any incompatibilities

Storage

Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from air. Store away from oxidizing agents. Further information about storage conditions: Store under dry inert gas. This product is air sensitive. Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available.

## 8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

#### Control parameters

Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

Additional information: No data

#### Exposure controls

### Personal protective equipment

The usual protective and hygienic measures The usual protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work.

Wash hands before breaks and at the end of work. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Recommended filter device for short term use: Use a respirator with type N95 (USA) or PE (EN 143) cartridges as a backup to engineering controls. Risk assessment should be performed to determine if air-purifying respirators are appropriate. Only use equipment tested and approved under appropriate government standards. Protection of hands:

Impervious gloves Check protection of suitable gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.

#### 9 Physical and chemical properties

Information on basic physical and ch General Information Appearance: _Form:	Powder		
Odor: Odor threshold:	Not determined Not determined.		
pH-value:	Not applicable.		
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined Not determined Not determined Not determined Not determined Not determined.		
Danger of explosion: Explosion limits: Lower: Upper: Vapor pressure: Density: Relative density	Not determined. Not determined Not determined Not applicable. Not determined Not determined.		
Vapor density Evaporation rate Solubility in / Miscibility with	Not applicable. Not applicable.		
Water: Partition coefficient (n-octanol/water) Viscosity:			
dynamic: kinematic: Other information	Not applicable. Not applicable. No further relevant information available.		

#### 10 Stability and reactivity

Reactivity No information known.

Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available.

Braduat name: A. (Phonylamino)hinhanyl				
Product name: 4-(Phenylamino)biphenyl				
Incompatible materials: Air		(Contd. of page 2)		
Oxidizing agents Hazardous decomposition products:				
Carbon monoxide and carbon dioxide Nitrogen oxides				
11 Toxicological information		i		
Information on toxicological effects				
Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No date	ata			
Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation				
Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known.				
Carcinogenicity: No classification data on carcinogenic prop Reproductive toxicity: No effects known.	operties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.			
Specific target organ system toxicity - repeated exposure Specific target organ system toxicity - single exposure: N	e: No effects known. No effects known.			
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known.				
Additional toxicological information: To the best of our kno Carcinogenic categories	nowledge the acute and chronic toxicity of this substance is not fully known.			
OSHA-Ca (Occupational Safety & Health Administration)	Substance is not listed.			
12 Ecological information				
Toxicity Aquatic toxicity: No further relevant information available.				
Persistence and degradability No further relevant informatic Bioaccumulative potential No further relevant information a Mobility in soil No further relevant information available.	ion available. available.	I		
Additional ecological information:				
General notes: Do not allow undiluted product or large quantities to reach gro	round water, water course or sewage system.			
Avoid transfer into the environment.				
PBT: Not applicable. vPvB: Not applicable.				
Other adverse effects No further relevant information availal	ıble.			
13 Disposal considerations				
Waste treatment methods Recommendation Consult state, local or national regulations	is to ensure proper disposal.			
Uncleaned packagings: Recommendation: Disposal must be made according to office	icial regulations.			
14 Transport information				
UN-Number DOT, ADN, IMDG, IATA	Not applicable			
UN proper shipping name DOT, ADN, IMDG, IATA	Not applicable			
Transport hazard class(es)				
DOT, ADR, ADN, IMDG, IATA Class	Not applicable			
Packing group DOT, IMDG, IATA	Not applicable			
Environmental hazards:	Not applicable.			
Special precautions for user	Not applicable.			
Transport in bulk according to Annex II of MARPOL73/78 Transport/Additional information:	3 and the IBC Code Not applicable.			
DOT				
Marine Pollutant (DOT): UN "Model Regulation":	No			
15 Regulatory information				
Safety, health and environmental regulations/legislation s GHS label elements Not applicable	specific for the substance or mixture
