

## Safety Data Sheet per OSHA HazCom 2012

| 1 Identification   |
|--|
| Product identifier<br>Product name: N-(3-Aminopropyl)cyclohexylamine   |
| Stock number: L11250   |
| CAS Number:  |
| 3312-60-5<br>EC number:  |
| 222-001-7<br>Relevant identified uses of the substance or mixture and uses advised against.  |
| Relevant identified uses of the substance or mixture and uses advised against.<br>Identified use: SU24 Scientific research and development   |
| Details of the supplier of the safety data sheet<br>Manufacturer/Supplier:   |
| Alfa Aesar<br>Thermo Fisher Scientific Chemicals Inc   |
| 30 Bond Street<br>Ward Hill, MA 01835-8099<br>Tel: 800-343-0660  |
| Tel: 800-343-0660<br>Fax: 800-322-4757   |
| Email: tech@alfa.com   |
| www.alfa.com<br>Information Department: Health, Safety and Environmental Department  |
| Emergency telephone number:<br>During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789.  |
| 2 Hazard(s) identification   |
| Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)   |
| GHS05 Corrosion  |
|  |
| Skin Corr. 1B H314 Causes severe skin burns and eye damage.<br>Eye Dam. 1 H318 Causes serious eye damage.  |
| GHS07  |
| Acute Tox. 4 H302 Harmful if swallowed.<br>Skin Sens. 1 H317 May cause an allergic skin reaction.<br>Hazards not otherwise classified No information known.  |
| Label elements   |
| GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS)<br>Hazard pictograms  |
|  |
| GHS05 GHS07  |
|  |
| Signal word Danger<br>Hazard statements  |
| H302 Harmful if swallowed.<br>H314 Causes severe skin burns and eye damage.  |
| H317 May cause an allergic skin reaction.<br>Precautionary statements  |
| H314 Causes severe skin burns and eye damage.<br>H317 May cause an allergic skin reaction.<br><b>Precautionary statements</b><br>P260 Do not breathe dust/fume/gas/mist/vapours/spray.<br>P303+P361+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower.<br>P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting. |
| P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.<br>P301+P330+P331 IF SWALLOWED: rinse mouth. Do NOT induce vomiting.   |
| P405 Store locked up.<br>P501 Dispose of contents/container in accordance with local/regional/national/international regulations.  |
| WHMIS classification<br>D2B - Toxic material causing other toxic effects   |
| E - Corrosive material   |
|  |
| Classification system  |
| HMIS ratings (scale 0-4)<br>(Hazardous Materials Identification System)  |
| HEALTH     B     Health (acute effects) = 3       FIRE     B     Flammability = 1  |
| REACTIVITY 1 Physical Hazard = 1   |
| Other hazards<br>Results of PBT and vPvB assessment  |
| PBT: Not applicable.<br>vPvB: Not applicable.  |
| 3 Composition/information on ingredients   |
| Chemical characterization: Substances  |
| CAS# Description:<br>3312-60-5 N-(3-Aminopropyl)cyclohexylamine  |
| Identification number(s):<br>EC number: 222-001-7  |
| USA  |
|  |

Product name: N-(3-Aminopropyl)cyclohexylamine

(Contd. of page 1)

|   | (Contd. of page 1 |
|---|-------------------|
| 4 First-aid measures  |                   |
| Description of first aid measures<br>General information Immediately remove any clothing soiled by the product.   |                   |
| After inhalation  |                   |
| Supply fresh air. If required, provide artificial respiration. Keep patient warm.<br>Seek immediate medical advice.<br><b>After skin contact</b>  |                   |
| Immediately wash with water and soap and rinse thoroughly.  |                   |
| Seek immédiate medical advice.<br>After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor.  |                   |
| After swallowing Seek medical treatment.<br>Information for doctor  |                   |
| Most important symptoms and effects, both acute and delayed<br>Causes severe skin burns.  |                   |
| Causes serious eye damage.  |                   |
| Indication of any immediate medical attention and special treatment needed No further relevant information available.   |                   |
| 5 Fire-fighting measures  |                   |
| Extinguishing media<br>Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.  |                   |
| Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.<br>Special hazards arising from the substance or mixture<br>If this product is involved in a fire, the following can be released: |                   |
| Carbon monoxide and carbon dioxide<br>Nitrogen oxides (NOx)   |                   |
| Advice for firefighters   |                   |
| Protective equipment:<br>Wear self-contained respirator.  |                   |
| Wear fully protective impervious suit.  |                   |
| 6 Accidental release measures   |                   |
| Personal precautions, protective equipment and emergency procedures<br>Wear protective equipment. Keep unprotected persons away.  |                   |
| Ensure adequate ventilation <b>Ensure</b> adequate ventilation <b>Environmental precautions:</b> Do not allow material to be released to the environment without proper governmental permits  |                   |
| Methods and material for containment and cleaning up:<br>Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).   |                   |
| Use neutralizing agent.<br>Dispose of contaminated material as waste according to section 13.   |                   |
| Ensure adequate ventilation.  |                   |
| Prevention of secondary hazards: No special measures required.<br>Reference to other sections   |                   |
| See Section 7 for information on safe handling<br>See Section 8 for information on personal protection equipment.<br>See Section 13 for disposal information.   |                   |
| See Section 13 for disposal information.  |                   |
| 7 Handling and storage  |                   |
| Handling<br>Precautions for safe handling   |                   |
| Handle under dry protective gas.<br>Keep container tightly sealed.  |                   |
| Store in cool, dry place in tightly closed containers.  |                   |
| Ensure good ventilation at the workplace.<br>Information about protection against explosions and fires: No information known.   |                   |
| Conditions for safe storage, including any incompatibilities  |                   |
| Storage<br>Requirements to be met by storerooms and receptacles: No special requirements.   |                   |
| Information about storage in one common storage facility:<br>Store away from oxidizing agents.  |                   |
| Store away from air.  |                   |
| Further information about storage conditions:<br>Store under dry inert gas.   |                   |
| This product is air sensitive.<br>Keep container tightly sealed.  |                   |
| Store in cool, dry conditions in well sealed containers.<br><b>Specific end use(s)</b> No further relevant information available.   |                   |
| 8 Exposure controls/personal protection   |                   |
| Additional information about design of technical systems:   |                   |
| Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.   |                   |
| Control parameters<br>Components with limit values that require monitoring at the workplace: Not required.  |                   |
| Additional information: No data   |                   |
| Exposure controls<br>Personal protective equipment  |                   |
| General protective and hygienic measures<br>The usual precautionary measures for handling chemicals should be followed.   |                   |
| Keep away from foodstuffs, beverages and feed.<br>Remove all soiled and contaminated clothing immediately.  |                   |
| Wash hands before breaks and at the end of work.  |                   |
| Avoid contact with the eyes and skin.<br>Maintain an ergonomically appropriate working environment.<br><b>Breathing equipment:</b> Use suitable respirator when high concentrations are present.  |                   |
| Breathing equipment: Use suitable respirator when high concentrations are present.<br>Protection of hands:  |                   |
| Impervious gloves<br>Check protective gloves prior to each use for their proper condition.  |                   |
| The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer.  |                   |
| Penetration time of glove material (in minutes) Not determined<br>Eye protection:   |                   |
|   |                   |
| Tightly sealed goggles  | (Contd. on page   |

(Contd. of page 2)

| Full face protection<br>Body protection: Protective work clothin  | ng. (Contd. of pa   | ige 2) |  |  |
