

1 Identification Product identifier Product name: 3-Aminobenzamide Stock number: A10793, L08375 **CAS Number:** 3544-24-9 EC number: -586-9 Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. Inerrito Fisher Scheman C. 30 Bond Street Ward Hill, MA 01835-8099 Tel: 800-343-0660 Fax: 800-322-4757 Email: tech @alfa.com www.alfa.com Information Department: Health, Safety and Environmental Department Emergency telephone number: During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-0789. 2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS) ! GHS07 Acute Tox. 4 H302 Harmful if swallowed. Skin Irrit. 2 H315 Causes skin irritation. Eye Irrit. 2A H319 Causes serious eye irritation. STOT SE 3 H335 May cause respiratory irritation. Hazards not otherwise classified No information known. Label elements GHS label elements The product is classified and labeled in accordance with 29 CFR 1910 (OSHA HCS) Hazard pictograms ! GHS07 Signal word Warning Hazard statements H302 Harmful if swallowed. H315 Causes skin irritation. H319 Causes serious eye irritation. H335 May cause respiratory irritation. Precautionary statements Precautionary statements P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P304+P340 IF INHALED: Remove person to fresh air and keep comfortable for breathing. Store locked up. P405 D50 Dispose of contents/container in accordance with local/regional/national/international regulations. WHMIS classification D2B - Toxic material causing other toxic effects Ţ Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System) Health (acute effects) = 1 Flammability = 1 Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. 3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 3544-24-9 3-Aminobenzamide Identification number(s): EC number: 222-586-9 4 First-aid measures

Description of first aid measures

After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.

## Product name: 3-Aminobenzamide

After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.			
Information for doctor Most important symptoms and effects	nt. 5, both acute and delayed No further relevant information available. ttention and special treatment needed No further relevant information available.		
5 Fire-fighting measures			
Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.			
6 Accidental release measures			
Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required.			
Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.			
7 Handling Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace.			
	explosions and fires: No information known.		
Storage			
Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Specific end use(s) No further relevant information available.			
8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.			
Additional information: No data	uire monitoring at the workplace: Not required.		
Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work.			
Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. <b>Breathing equipment:</b> Use suitable respirator when high concentrations are present. <b>Protection of hands:</b>			
Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. <b>Eye protection:</b> Safety glasses <b>Body protection:</b> Protective work clothing.			
9 Physical and chemical properties			
Information on basic physical and chemical properties General Information Appearance: Form: Powder			
Color: Odor:	Off-white Not determined		
Odor threshold:	Not determined.		
pH-value: Change in condition	Not applicable.		
<i>Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:</i>	111-115 °C (232-239 °F) Not determined Not determined		
Flash point:	Not applicable	(Contd on page 3)	

## Product name: 2-Aminobonzamido

Page 3/4 Printing date 11/23/2015 Reviewed on 11/03/2008

roduct name: 3-Aminobenzamide		
		(Contd. of page 2)
Flammability (solid, gaseous)	Not determined.	
Ignition temperature: Decomposition temperature:	Not determined Not determined	
Auto igniting:	Not determined.	
Danger of explosion:	Product does not present an explosion hazard.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable. Not applicable.	
Solubility in / Miscibility with		
Water: Partition coefficient (n-octanol/water).	Soluble : Not determined.	
Viscosity:		
dynamic: kinematic:	Not applicable. Not applicable.	
Other information	No further relevant information available.	
0 Stability and reactivity		
Reactivity No information known.		
Chemical stability Stable under recomr	nended storage conditions.	
Thermal decomposition / conditions t Possibility of hazardous reactions No	<b>be avoided:</b> Decomposition will not occur if used and stored according to specifications.	
Conditions to avoid No further relevant	t information available.	
Incompatible materials: Oxidizing ager Hazardous decomposition products:	nts	
Carbon monoxide and carbon dioxide		
Nitrogen oxides		
1 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for c	lassification	
Oral LD50 1000 mg/kg (bird-wild bird s		
Skin irritation or corrosion: Causes sk	kin irritation.	
Eye irritation or corrosion: Causes set Sensitization: No sensitizing effects kno	rious eye irritation. own	
Germ cell mutagenicity: No effects kno	onn. wn. on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
<b>Carcinogenicity:</b> No classification data <b>Reproductive toxicity:</b> No effects know	on carcinogenic properties of this material is available from the EPA, IARC, NTP, USHA or ACGIH.	
Specific target organ system toxicity	- repeated exposure: No effects known.	
Specific target organ system toxicity	- single exposure: May cause respiratory irritation.	
Aspiration nazaro: No effects known		
Aspiration hazard: No effects known. Other information (about experimenta	il toxicology):	
Other information (about experimenta Carcinogenic effects have been observe	ed on tests with laboratory animals.

Product name: 3-Aminobenzamide		
Transport hazard class(es)	(Contd. of page 3)	
DOT, ADR, IMDG, IATA		
Class	None	
Packing group DOT, IMDG, IATA	None	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Co		
Transport/Additional information:	Not dangerous according to the above specifications.	
DOT Marine Pollutant (DOT):	No	
15 Regulatory information		
Safety, health and environmental regulations/legislation specific for the GHS label elements The product is classified and labeled in accordance with Hazard pictograms	<i>substance or mixture</i> <i>th 29 CFR 1910 (OSHA HCS)</i>	
$\langle  \rangle$		
GHS07		
Signal word Warning		
Hazard statements		
H302 Harmful if swallowed. H315 Çauses skin irritation.		
H319 Causes serious eye irritation.		
H335 May cause respiratory irritation. Precautionary statements		
P261 Avoid breathing dust/fume/gas/mist/vapours/sprav.	ulface protection	
P305+P351+P338 IF IN FYES. Rinse cautiously with water for several minut	tes. Remove contact lenses, if present and easy to do. Continue rinsing.	
P304+P340 IF INHALED: Remove person to fresh air and keep comfo P405 Store locked up.	ortable for breathing.	
P501 Dispose of contents/container in accordance with local/reg	gional/national/international regulations.	
National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic	Substances Control Act Chemical Substance Inventory. Use of this product is restricted	
to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes.		
SARA Section 313 (specific toxic chemical listings) Substance is not liste	ed.	
California Proposition 65 Prop 65 - Chemicals known to cause cancer Substance is not listed.		
Prop 65 - Developmental toxicity Substance is not listed.		
Prop 65 - Developmental toxicity, female Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically qualified in
