

Safety Data Sheet per OSHA HazCom 2012

Product name: 4-(1-PyrrolidinyIsulfonyI)benzeneboronic acid

Page 2/4 Printing date 11/24/2015 Reviewed on 03/09/2012

(Contd. of page 1) Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Sulfur oxides (SOX) Nitrogen oxides (NOX) Possibly Hydrogen cyanide (HCN) Boron oxide Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. **Specific end use(s)** No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data Exposure controls Personal protective equipment The usual protective and hygienic measures The usual protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Penetration time of glove material (in minutes) Not determined Eye protection: Safety glasses Body protection: Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Solid Color: White Odor: Not determined Odor threshold: Not determined Not applicable. pH-value: Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation_temperature / start: 275-277 °C (527-531 °F) Not determined Not determined Flammability (solid, gaseous) Not determined (Contd. on page 3)

Product name: 4-(1-PyrrolidinyIsulfonyI)benzeneboronic acid

Product name: 4-(1-PyrrolidinyIsulfo	nyl)benzeneboronic acid	
		(Contd. of page 2)
Ignition temperature: Decomposition temperature: Auto igniting:	Not determined Not determined Not determined.	
Danger of explosion: Explosion limits:	Not determined.	
Explosion limits: Lower:	Not determined	
Upper:	Not determined	
Vapor pressure: Density:	Not applicable. Not determined	
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable. Not applicable.	
Solubility in / Miscibility with Water:	Not determined	
Partition coefficient (n-octanol/water):		
Viscosity: dynamic:	Not applicable.	
kinematic: Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known. Chemical stability Stable under recomm	nended storage conditions.	
Thermal decomposition / conditions to Possibility of hazardous reactions Rea	nended storage conditions. 5 be avoided: Decomposition will not occur if used and stored according to specifications. acts with strong ovidizing agents	
Conditions to avoid No further relevant Incompatible materials: Oxidizing agen	information available.	
Incompatible materials: Oxidizing agen Hazardous decomposition products:	ts	
Hazardous decomposition products: Carbon monoxide and carbon dioxide Sulfur oxides (SOx)		
Nitroaen oxides		
Possibly Hydrogen cyanide (HCN) Boron oxide		
11 Toxicological information		
Information on toxicological effects		
Acute toxicity: No effects known. LD/LC50 values that are relevant for c.	lassification: No data	
Skin irritation or corrosion: Causes sk	in irritation.	
Eye irritation or corrosion: Causes ser Sensitization: No sensitizing effects kno	ious eye irritation.	
Germ cell mutagenicity: No effects kno	wn.	
Carcinogenicity: EPA-1: Data are inadequate for an assessment of human carcinogenic potential. Reproductive toxicity: No effects known.		
Specific target organ system toxicity - repeated exposure: No effects known.		
Specific target organ system toxicity - single exposure: May cause respiratory irritation. Aspiration hazard: No effects known.		
Subacute to chronic toxicity: No effect Additional toxicological information:	s known. Fo the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information		
Toxicity		
Aquatic toxicity: No further relevant info	prmation available.	
Persistence and degradability No furth Bioaccumulative potential No further re	er relevant information available. elevant information available.	
Mobility in soil No further relevant inform Additional ecological information:	nation available.	
General notes:		
Do not allow material to be released to the Do not allow undiluted product or large of the second s	ne environment without proper governmental permits. uantities to reach ground water, water course or sewage system.	
Avoid transfer into the environment.		
Results of PBT and vPvB assessment PBT: Not applicable.		
vPvB: Not applicable. Other adverse effects No further releva	nt information available.	
13 Disposal considerations		
Waste treatment methods		
Recommendation Consult state, local o	r national regulations to ensure proper disposal.	
Uncleaned packagings: Recommendation: Disposal must be ma	ade accordina to official reaulations.	
14 Transport information		
UN-Number		
DOT, ADN, IMDG, IATA	Not applicable	
UN proper shipping name DOT, ADN, IMDG, IATA	Not applicable	
Transport hazard class(es) DOT, ADR, ADN, IMDG, IATA		
Class	Not applicable	
Packing group DOT, IMDG, IATA	Not applicable	
Environmental hazards:	Not applicable.	
Special precautions for user	Not applicable.	
		(Contd. on page 4)

Product name: 4-(1-PyrrolidinyIsulfonyI)ber	nzeneboronic acid
	(Contd. of page 3)
Transport in bulk according to Annex II of MAR	
Transport/Additional information:	
DOT Marine Pollutant (DOT):	No
UN "Model Regulation":	-
15 Regulatory information Safety, health and environmental regulations/le GHS label elements The product is classified and Hazard pictograms	legislation specific for the substance or mixture d labeled in accordance with 29 CFR 1910 (OSHA HCS)
GHS07	
P304+P340 IF INHALED: Remove person to Store locked up. P405 Store locked up. P501 Dispose of contents/container in National regulations This product is not listed in the U.S. Environmentat to research and development only. This product must not be used for commercial purpose. This product is not listed on the Canadian Domest SARA Section 313 (specific toxic chemical listic California Proposition 65 Prop 65 - Chemicals known to cause cancer SL Prop 65 - Developmental toxicity, male Substance is re Prop 65 - Developmental toxicity, male Substance is re Substance of Very High Concern (SVHC) accord The conditions of restrictions according to Art market and use must be observed. Substance is not listed. Annex XIV of the REACH Regulations (requirin, Chemical safety assessment: A Chemical Safety	ubstance is not listed. not listed. tance is not listed. nce is not listed. ly by technically qualified individuals. regulations rding to the REACH Regulations (EC) No. 1907/2006. Substance is not listed. ticle 67 and Annex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on the ng Authorisation for use) Substance is not listed.
