

Safety Data Sheet per OSHA HazCom 2012

Safety Data Sheet per OSHA HazCom 2012

Product name: 2-Bromo-4-nitropyridine N-oxide

	-0xide	
After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both a	e thoroughly. I minutes under running water. Then consult a doctor. acute and delayed No further relevant information available. n and special treatment needed No further relevant information available.	(Contd. of page 1)
5 Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, Special hazards arising from the substance of If this product is involved in a fire, the following of Carbon monoxide and carbon dioxide Nitrogen oxides (NOx) Possibly Hydrogen cyanide (HCN) Hydrogen bromide (HBr) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.	, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. or mixture can be released:	
6 Accidental release measures Personal precautions, protective equipment a Wear protective equipment. Keep unprotected po- Ensure adequate ventilation Environmental precautions: Do not allow mate Methods and material for containment and clu- Dispose of contaminated material as waste according Ensure adequate ventilation. Prevention of secondary hazards: No special Reference to other sections See Section 7 for information on safe handling See Section 13 for disposal information.	persons away. The environment without proper governmental permits. leaning up: ording to section 13. measures required.	
7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containe Ensure good ventilation at the workplace. Information about protection against explosio Conditions for safe storage, including any ind Storage Requirements to be met by storerooms and r Information about storage in one common st Further information about storage conditions Keep container tightly sealed. Store in cool, dry conditions in well sealed conta Specific end use(s) No further relevant informat	ions and fires: No information known. compatibilities receptacles: No special requirements. torage facility: Store away from oxidizing agents. s: ainers.	
8 Exposure controls/personal protection Additional information about design of techn Properly operating chemical fume hood designed Control parameters Components with limit values that require mod Additional information: No data Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling of Keep away from foodstuffs, beverages and feed Remove all soiled and contaminated clothing imi Wash hands before breaks and at the end of wo Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working e Breathing equipment: Use suitable respirator w Protection of hands: Impervious gloves Check protective dloves prior to each use for the	nical systems: d for hazardous chemicals and having an average face velocity of at least 100 feet per minute. onitoring at the workplace: Not required. chemicals should be followed. I. mediately. ork. environment. when high concentrations are present. eir proper condition. is on the material, but also on quality. Quality will vary from manufacturer to manufacturer.	
9 Physical and chemical properties		
Information on basic physical and chemical p General Information Appearance: Form: Crystal Color: Yellow Odor: Odor!e.	lline powder	
	plicable.	
		(Contd. on page 3)

Product name: 2-Bromo-4-nitropyridine N-oxide

Page 3/4 Printing date 11/24/2015 Reviewed on 06/04/2010

Product name: 2-Bromo-4-nitropyrid	line N-oxide	
		(Contd. of page 2)
Change in condition Melting point/Melting range: Boiling point/Boiling range: Sublimation temperature / start:	143-146 °C (289-295 °F) Not determined Not determined	
Flash point: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Auto igniting:	Not applicable Not determined. Not determined Not determined Not determined.	
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.	
Lower: Upper: Vapor pressure:	Not determined Not determined Not applicable.	
Density: Relative density Vapor density	Not determined Not determined. Not applicable.	
Evaporation rate Solubility in / Miscibility with	Not applicable.	
Water: Partition coefficient (n-octanol/water): Viscosity:		
dynamic:	Not applicable. Not applicable. No further relevant information available.	
0 Stability and reactivity		
Reactivity No information known. Chemical stability Stable under recomn Thermal decomposition / conditions to Possibility of hazardous reactions No Conditions to avoid No further relevant Incompatible materials: Oxidizing agen Hazardous decomposition products: Carbon monoxide and carbon dioxide Nitrogen oxides Hydrogen bromide Possibly Hydrogen cyanide (HCN)	o be avoided: Decomposition will not occur if used and stored according to specifications. dangerous reactions known information available.	
Reproductive toxicity: No effects known Specific target organ system toxicity - Specific target organ system toxicity - Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect	in irritation. rious eye irritation. own. on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. rn. - repeated exposure: No effects known. - single exposure: May cause respiratory irritation.	
2 Ecological information Toxicity		
Aquatic toxicity: No further relevant info Persistence and degradability No furth Bioaccumulative potential No further re Mobility in soil No further relevant inforr Additional ecological information: General notes:	ner relevant information available. elevant information available.	
Do not allow material to be released to the	he environment without proper governmental permits. quantities to reach ground water, water course or sewage system. t	
Other adverse effects No further relevant	nt information available.	
3 Disposal considerations Waste treatment methods Recommendation Consult state, local o Uncleaned packagings: Recommendation: Disposal must be ma	or national regulations to ensure proper disposal. ade according to official regulations.	
4 Transport information Not a hazardous material for transportation	ion.	
UN-Number DOT, IMDG, IATA	None	
UN proper shipping name DOT, IMDG, IATA	None	(Contd. on page 4
		USA -

duct name: 2-Bromo-4-nitropyridine N-oxide	
	(Contd. of pa
Transport hazard class(es)	
DOT, ADR, IMDG, IATA Class	None
Packing group	
DOT, IMDG, IATA	None
Environmental hazards:	Not applicable.
Special precautions for user	Not applicable.
Transport in bulk according to Annex II of MARPOL73/78 and	
Transport/Additional information:	Not dangerous according to the above specifications.
DOT Marine Pollutant (DOT):	No
Regulatory information	ilis for the orthotomore or mintrue
Safety, health and environmental regulations/legislation spec GHS label elements The product is classified and labeled in acco Hazard pictograms	ordance with 29 CFR 1910 (OSHA HCS)
\checkmark	
GHS06	
Signal word Danger	
Hāzard statements H301 Toxic if swallowed.	
H315 Causes skin irritation.	
H319 Causes serious eye irritation.	
H335 May cause respiratory irritation. Precautionary statements	
P261 Avoid breathing dust/fume/gas/mist/vapours/si	pray.
P280 Wear protective gloves/protective clothing/eye P301+P310 IF SWALLOWED: Immediately call a POISON	protection/face protection.
P305+P351+P338 IF IN EYES: Rinse cautiously with water for se	everal minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P405 Store locked up. P501 Dispose of contents/container in accordance w	vith local/regional/national/international regulations.
National regulations	
This product is not listed in the U.S. Environmental Protection Age	ency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is resti
product must not be used for commercial purposes or in formulati	or directly under the supervision of a technically qualified individúal as defined by TSCA. This ions for commercial purposes.
SARA Section 313 (specific toxic chemical listings) Substance California Proposition 65	e is not listed.
Prop 65 - Chemicals known to cause cancer Substance is not i	listed
Prop 65 - Developmental toxicity Substance is not listed.	
Prop 65 - Developmental toxicity, female Substance is not liste	ιd.
Prop 65 - Developmental toxicity, female Substance is not liste Prop 65 - Developmental toxicity, male Substance is not listed. Information about limitation of use: For use only by technically	[,] qualified individuals.
Other regulations, limitations and prohibitive regulations	
Substance of Very High Concern (SVHC) according to the RE The conditions of restrictions according to Article 67 and An	EACH Regulations (EC) No. 1907/2006. Substance is not listed. nex XVII of the Regulation (EC) No 1907/2006 (REACH) for the manufacturing, placing on
market and use must be observed.	
Substance is not listed. Annex XIV of the REACH Regulations (requiring Authorisatio.	n for use) Substance is not listed
Chemical safety assessment: A Chemical Safety Assessment h	has not been carried out.
Other information	
Employers should use this information only as a supplement to ot information to ensure proper use and protect the health and safet	ther information gathered by them, and should make independent judgement of suitability of the ty of employees. This information is furnished without warranty, and any use of the product no
conformance with this Material Safety Data Sheet, or in combinati	ty of employees." This information is furnished without wa'rranty, and any use of the product not ion with any other product or process, is the responsibility of the user.
