Material Safety Data Sheet acc. to OSHA and ANSI Printing date 06/16/2009 1 Identification of substance: Product details: Product name: 2,3-Dichloro-1-propanol Stock number: A18444 Manufacturer/Supplier: Alfa Aesar, A Johnson Matthey Company Johnson Matthey Catalog Company, Inc. 30 Bond Street Ward Hill, MA 01835-8099 Emergency Phone: (978) 521-6300 CHEMTREC: (800) 424-9300 Web Site: www.alfa.com Information Department: Health, Safety and Environmental Department Emergency information: During normal hours the Health, Safety and Environmental Department. After normal hours call Chemtrec at (800) 424-9300. 2 Composition/Data on components: Chemical characterization: Description: (CAS#) 2,3-Dichloro-1-propanol (CAS# 616-23-9): 100% Identification number(s): **EINECS Number:** 210-470-0 3 Hazards identification Hazard description: T Toxic Information pertaining to particular dangers for man and environment R 24/25 Toxic in contact with skin and if swallowed. R 37/38 Irritating to respiratory system and skin. R 41 Risk of serious damage to eyes. R 68 Possible risk of irreversible effects. Classification system HMIS ratings (scale 0-4) (Hazardous Materials Identification System) HEALTH 2 Health (acute effects) = 2Flammability = 2 Reactivity = 1 FIRE 2 REACTIVITY 1 GHS label elements store the Danger 3.1/3 - Toxic if swallowed. 3.1/3 - Toxic in contact with skin. 3.2/2 - Causes skin irritation. May cause respiratory irritation. 3.8/3 -14 1 Danger - Causes serious eye damage. 3/1

Warning 3.5/2 - Suspected of causing genetic defects. Warning 2.6/4 - Combustible liquid. Prevention: Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

Keep away from heat/sparks/open flames/hot surfaces. - No smoking.

Product name: 2,3-Dichloro-1-propanol

(Contd. of page 1) Avoid breathing dust/fume/gas/mist/vapours/spray. Wash thoroughly after handling. Do not eat, drink or smoke when using this product. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection. Use personal protective equipment as required. Response: IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician. IF ON SKIN: Wash with plenty of soap and water. IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF exposed or concerned: Get medical advice/attention. Immediately call a POISON CENTER or doctor/physician. Call a POISON CENTER or doctor/physician if you feel unwell. Specific treatment (see label). Specific measures (see label). Rinse mouth. If skin irritation occurs: Get medical advice/attention. Remove/Take off immediately all contaminated clothing. Take off contaminated clothing and wash before reuse. Wash contaminated clothing before reuse. In case of fire: Use for extinction: CO2, powder or water spray. Storage: Store in a well-ventilated place. Keep container tightly closed. Store in a well-ventilated place. Keep cool. Store locked up. Disposal: Dispose of contents/container in accordance with local/regional/national/international regulations. 4 First aid measures General information Immediately remove any clothing soiled by the product. In case of irregular breathing or respiratory arrest provide artificial respiration. After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Do not induce vomiting; immediately call for medical help. Seek immediate medical advice. 5 Fire fighting measures Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards caused by the material, its products of combustion or resulting gases: In case of fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen chloride (HCl) Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit. 6 Accidental release measures Person-related safety precautions: Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation Measures for environmental protection:

Do not allow material to be released to the environment without proper governmental permits.

Measures for cleaning/collecting:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to item 13.

(Contd. of page 2) Additional information: See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.
7 Handling and storage
Handling Information for safe handling: Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: Keep ignition sources away.
Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers.
e Experime controls and personal protection
8 Exposure controls and personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.
Components with limit values that require monitoring at the workplace: Not required. Additional information: No data
<pre>Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Store protective clothing separately. Avoid contact with the skin. Avoid contact with the eyes and skin. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. Material of gloves The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. Eye protection: Safety glasses Body protection: Protective work clothing.</pre>

Product related hazard informations:

Hazard symbols:

T Toxic

Risk phrases:

 $24/25\ {\rm Toxic}$ in contact with skin and if swallowed.

- $37/38\ Irritating$ to respiratory system and skin.
- 41
- Risk of serious damage to eyes. Possible risk of irreversible effects. 68

Safety phrases:

- 20
- When using do not eat or drink. In case of contact with eyes, rinse immediately with plenty of water and seek 26 medical advice.
- Take off immediately all contaminated clothing. 27
- 36/37/39 Wear suitable protective clothing, gloves and eye/face protection.
 In case of accident or if you feel unwell, seek medical advice immediately.
 This material and its container must be disposed of as hazardous waste.

National regulations

All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory. All components of this product are listed on the $\hat{\textit{Canadian}}$ Domestic Substances List (DSL).
