

Safety Data Sheet per OSHA HazCom 2012

1	1 Identification	
	Product identifier Product name: Bambuterol hydrochloride	
	Stock number: J60424	
	CAS Number: 81732-46-9	
	Relevant identified uses of the substance or mixture and uses advised against. Identified use: SU24 Scientific research and development	
	Details of the supplier of the safety data sheet Manufacturer/Supplier:	
	Alfa Aesar Thermo Fisher Scientific Chemicals, Inc. 30 Bond Street	
	Ward Hill, MA 01835-8099	
	Tel: 800-343-0660 Fax: 800-322-4757	
	Email: tech@alfa.com www.alfa.com	
	Information Department: Health, Safety and Environmental Department Emergency telephone number:	
	During normal business hours (Monday-Friday, 8am-7pm EST), call (800) 343-0660. After normal business hours, call Carechem 24 at (866) 928-	0789.
2	2 Hazard(s) identification Classification of the substance or mixture in accordance with 29 CFR 1910 (OSHA HCS)	
	The substance is not classified according to the Globally Harmonized System (GHS). Hazards not otherwise classified No information known.	
	Label elements	
	GHS label elements Not applicable Hazard pictograms Not applicable	
	Signal word Not applicable Hazard statements Not applicable	
	WHMIS classification Not controlled Classification system	
	HMIS ratings (scale 0-4) (Hazardous Materials Identification System)	
	HEALTH I Health (acute effects) = 1 FIRE I Flammability = 1	
	REACTIVITY Physical Hazard = 1	
	Other hazards Results of PBT and vPvB assessment	
	PBT: Not applicable. vPvB: Not applicable.	
	vr v. Not applicable.	
3	Composition/information on ingredients	
3	Composition/information on ingredients Chemical characterization: Substances	
	3 Composition/information on ingredients	
	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride 4 First-aid measures	
	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation	
	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice.	
	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly.	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After supply fresh advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice.	
4	Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for several minutes under running water. Then consult a doctor.	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After swallowing Seek medical treatment.	
4	Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for several minutes under running water. Then consult a doctor.	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing media	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin contact Immediate medical advice. After swillowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Suecial treating of the available of the available.	
4	3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride 4 First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (NOx)	
4	3 Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride 4 First-aid measures Description of first aid measures After shalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After shalation Immediate medical advice. After eye contact Rinse opened eye for several minutes under running water. Then consult a doctor. After shallowing Seek medical treatment. Information of any immediate medical attention and special freatment needed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. 5 Fire-fighting measures Extinguishing media Suical hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Hydrogen chloride (HCI) Advice for firefighters	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride Irist-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Si Fire-fighting measures Extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Most provides (HCI) Advice for ifrefighters Protective equipment: Wear self-contained respirator.	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After swallowing Seek medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special freatment needed No further relevant information available. Serie-fighting measures Extinguishing genets Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special Haards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide, Widrogen oxides (NOX) Hydrogen chloride (HCI) Advice for intelignters Wear self-containers Wear self-container Wear self-containers Wear self-container drespirator.	
4	A Composition/information on ingredients Chemical characterization: Substances CAS# Description: 81732-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Seek immediate medical advice. After skin contact Immediate medical advice. After skin explore the medical advice. After skin explore the medical advice. After skin explore the medical advice. After see contact Rinse opened eye for several minutes under running water. Then consult a doctor. After see kernedical readvice. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Seiching measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture This product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Kirogen chloride (HCI) Advice for firefighters Protective equipment: Wear fully protective impervious suit. Accidental release measures Accidental release measures	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: Substances CAS# Description: Stracterization: Substances Stracterization: Substances Stracterization: Substances After sin contact Immediate medical advice. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Then consult a doctor. After sex contact Rinse opened eye for several minutes under running water. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Site fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant f	
4	Composition/information on ingredients Chemical characterization: Substances CAS# Description: Str32-4-9 Elambuterol hydrochloride First-aid measures Description of first aid measures After inhalation equired, provide artificial respiration. Keep patient warm. Supply first ail. In required, provide artificial respiration. Keep patient warm. Supply first ail. In required, provide artificial respiration. Keep patient warm. Supply first ail. In required, provide artificial respiration. Keep patient warm. After skin contaut endical advice. After skin contaut endical advice. After system and the supply first ail. Indication of any immediate medical treatment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon moxide and carbon dioxide Nitrogen oxides (NCX) Hydrogen chorde (HCI) Advice for firefighters Protective equipment: Wear rolley protective enpirement and emergency procedures Wear protective equipment: Wear self-contained respirator. Wear self-contained respirator. Wear fully protective enpirement. Bervionmental precautions. Forvientione ent. Forvientione ent. Respired to protective equipment and emergency procedures Wear protective equipment. Keer fully protective enpirement. Firefighting mediate measures Personal precautions. Forvientione ent. Sprate Advective equipment. Mean subjer protective equipment. Mean subjered precautions. Descretive equipm	
4 5	Composition/information on ingredients Chemical characterization: Substances CASH Description: Str32-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Supply fresh air. If required, provide artificial respiration. Keep patient warm. Supply fresh air. If required, provide artificial respiration. Keep patient warm. Supply fresh air. If required, provide artificial respiration. Keep patient warm. Supply fresh air. If required, provide artificial respiration. Keep patient warm. Supply fresh air. If required, provide artificial respiration. Keep patient warm. After system contact Rines opered eye for several minutes under running water. Then consult a doctor. After eye contact Rines opered eye for several minutes under running water. Then consult a doctor. After eye contact Rines opered eye for several minutes under running water. Then consult a doctor. After eye contact Rines opered eye for several minutes under running water. Ther oronation for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Indication of any immediate medical attention and special treatment needed No further relevant information available. Fire-fighting measures Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special frazerds arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nitrogen oxides (IVX) Hydrogen chindle (HCI) Advice for firefighters Protective equipment: Wear sole-contained respirator. Wear sole-contained respirator. Wear sole-contained respirator. Wear protective equipment: Keyer protective equipmen	
4	Composition/information on ingredients Chemical characterization: Substances CASH Description: Str32-46-9 Bambuterol hydrochloride First-aid measures Description of first aid measures After inhalation Supply fresh air. If required, provide artificial respiration. Keep patient warm. Syeek immediate medical advice. After skin contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After system contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After system contact Immediately wash with water and soap and rinse thoroughly. Seek immediate medical advice. After system contact filmmediate medical iteratment. Information for doctor Most important symptoms and effects, both acute and delayed No further relevant information available. Information of any immediate medical attention and special freatment needed No further relevant information available. Fire-fighting measures Extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards anising from the substance or mixture This product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide Nydrogen chloride (HCI) Advice for finefighters Protective equipment: Wear self-ly protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Environmental precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Environmental precautions to not allow product to reach sewage system or any water course. Wear onofficing to containment and cleaning up: Pick up mechanaly.	(Contd. on page 2)

Product name: Bambuterol hydrochloride

(Contd. of page 1) See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling Precautions for safe handling Keep container tightly sealed. Information about protection against explosions and fires: No information known. Conditions for safe storage, including any incompatibilities Requirements to be met by storerooms and receptacles: Refrigerate Information about storage in one common storage facility: Protect from heat. Store away from oxidizing agents. Further information about storage conditions: Keep container tightly sealed. Refrigerate Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute. Control parameters Components with limit values that require monitoring at the workplace: The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: No data Exposure controls Personal protective equipment Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. Maintain an ergonomically appropriate working environment. Breathing equipment: Use suitable respirator when high concentrations are present. Protection of hands: Impervious gloves Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Safety glasses **Body protection:** Protective work clothing. 9 Physical and chemical properties Information on basic physical and chemical properties General Information Appearance: Form: Powder Color: Off-white Not determined Odor: Odor threshold: Not determined pH-value: Not applicable. Change in condition Melting point/Melting range: Not determined Boiling point/Boiling range: Sublimation temperature / start: Flammability (solid, gaseous) Ignition temperature: Decomposition temperature: Not determined Not determined Not determined Not determined Not determined Auto igniting: Not determined. Danger of explosion: Explosion limits: Lower: Not determined. Not determined Upper: Not determined Vapor pressure: Density: Relative density Not applicable. Not determined Not determined. Vapor density Evaporation rate Not applicable. Not applicable. Solubility in / Miscibility with Water Not determined Partition coefficient (n-octanol/water): Not determined. Viscosity: Not applicable. dvnamic. Not applicable. No further relevant information available. kinematic: Other information 10 Stability and reactivity

Reactivity No information known.

Chemical stability Stable under recommended storage conditions. Thermal decomposition / conditions to be avoided: Decomposition will not occur if used and stored according to specifications. Possibility of hazardous reactions Reacts with strong oxidizing agents Conditions to avoid No further relevant information available. Incompatible materials: Oxidizing agents Heat Hazardous decomposition products: Carbon monoxide and carbon dioxide

11 Toxicological information Information on toxicological effects Acute toxicity: No effects known. LD/LC50 values that are relevant for classification: No data Skin irritation or corrosion: May cause irritation Eye irritation or corrosion: May cause irritation Sensitization: No sensitizing effects known. Germ cell mutagenicity: No effects known. Carcinogenicity: No classification data on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH. Reproductive toxicity: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - repeated exposure: No effects known. Specific target organ system toxicity - single exposure: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Aspiration hazard: No effects known. Subacute to chronic toxicity: No effects known. Additional toxicological information: To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.		
12 Ecological information Toxicity Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information: General notes: Do not allow undiluted product or large quantities to reach ground water, water course or sewage system. Avoid transfer into the environment. Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. Other adverse effects No further relevant information available.		
13 Disposal considerations Waste treatment methods Recommendation Consult state, local or national regulations to ensure proper disposal. Uncleaned packagings: Recommendation: Disposal must be made according to official regulations.		
14 Transport information		
UN-Number		
DOT, ADN, IMDG, IATA Not applicable UN proper shipping name		
UN proper shipping name DOT, ADN, IMDG, IATA Not applicable Transport hazard class(es)		
DOT, ADR, ADN, IMDG, IATA Class Not applicable		
Packing group		
DOT, IMDG, IATA Not applicable Environmental hazards: Not applicable.		
Special precautions for user Not applicable.		
Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable.		
Transport/Additional information:		
DOT Marine Pollutant (DOT): No		
UN "Model Regulation": -		
15 Regulatory information Safety, health and environmental regulations/legislation specific for the substance or mixture GHS label elements Not applicable Hazard pictograms Not applicable Hazard statements Not applicable National regulations This product is not listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical Substance Inventory. Use of this product is restricted to research and development only. This product must be used by or directly under the supervision of a technically qualified individual as defined by TSCA. This product must not be used for commercial purposes or in formulations for commercial purposes. This product is listed on the Canadian Domestic Substances List (DSL). SARA Section 313 (specific toxic chemical listings) Substance is not listed. Prop 65 - Chemicals known to cause cancer Substance is not listed. Prop 65 - Developmental toxicity Substance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, statcance is not listed. Prop 65 - Developmental toxicity, male Substance is not listed. Prop 65 - Developmental toxicity, active sing to listed. Prop 65 - Developmental toxicity, active sing to listed. Prop 65 - Developmental toxicity, and Substance is not listed. Prop 65 - Developmental toxicity, and Substance is not listed. Prop 65 - Developmental toxicity, and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and Substance is not listed. Prop 65 - Developmental toxicity and prohibitive regulations Substance of Very High Concern (SVHC) according to the REACH Regulations (EC) No. 1907/2006 (REACH)		
Annex XIV of the REACH Regulations (requiring Authorisation for use) Substance is not listed.	(Contd. on page 4)	

Product name: Bambuterol hydrochloride

Chemical safety assessment: A Chemical Safety Assessment has not been carried out.
