

Safety Data Sheet per OSHA HazCom 2012

(Contd. of page 1)

Product name: Diethyl meso-2,5-dibromoadipate

Indication of any immediate medical attention and special treatment needed No further relevant information available.

5 Fire-fighting measures

Extinguishing media Suitable extinguishing agents Carbon dioxide, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam. Special hazards arising from the substance or mixture If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dióxide Hydrogen bromide (HBr) Advice for firefighters Protective equipment: Wear self-contained respirator. Wear fully protective impervious suit.

6 Accidental release measures

Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away Ensure adequate ventilation Environmental precautions: Do not allow material to be released to the environment without proper governmental permits. Methods and material for containment and cleaning up: Use neutralizing agent. Dispose of contaminated material as waste according to section 13. Ensure adequate ventilation. Prevention of secondary hazards: No special measures required. Reference to other sections See Section 7 for information on safe handling See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

7 Handling and storage

Handling

Recounting for safe handling Keep container tightly sealed. Store in cool, dry place in tightly closed containers. Ensure good ventilation at the workplace. Information about protection against explosions and fires: No information known.

Conditions for safe storage, including any incompatibilities

Storage Requirements to be met by storerooms and receptacles: No special requirements. Information about storage in one common storage facility: Store away from oxidizing agents. Store away from strong bases. Store in the dark. Further information about storage conditions: Keep container tightly sealed. Store in cool, dry conditions in well sealed containers. Protect from exposure to light. Specific end use(s) No further relevant information available. 8 Exposure controls/personal protection

Additional information about design of technical systems: Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity of at least 100 feet per minute.

Control parameters Components with limit values that require monitoring at the workplace: Not required. Additional information: No data

Exposure controls

Exposure controls Personal protective equipment General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all solied and contaminated clothing immediately. Wash hands before breaks and at the end of work. Avoid contact with the eves and skin

Wash hands before breaks and at the end of work. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. **Breathing equipment:** Use suitable respirator when high concentrations are present. **Protection of hands:** Impervious gloves Check protective gloves prior to each use for their proper condition. The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. **Penetration time of glove material (in minutes)** Not determined **Eye protection:** Tightly sealed goggles Full face protection: Full face protection: Protectio

Body protection: Protective work clothing.

9 Physical and chemical properties

Information on basic physical and cl General Information Appearance: Form: Color: Odor: Odor: Odor threshold:	chemical properties Powder White Not determined Not determined.	
pH-value:	Not applicable.	
Change in condition Melting point/Melting range: Boiling point/Boiling range:	64-67 °C (147-153 °F) Not determined	

Diethyl meso-2 5-dibromoadinate duct Dr

Page 3/4 Printing date 11/23/2015 Reviewed on 04/07/2010 ٦

Product name: Diethyl meso-2,5-dibl	romoadipate	
Out the device to make a fater		(Contd. of page 2)
Sublimation temperature / start: Flash point:	Not determined Not applicable	
Flammability (solid, gaseous) Ignition temperature:	Not determined.	
Decomposition temperature:	Not determined Not determined	
Auto igniting:	Not determined.	
Danger of explosion: Explosion limits:	Product does not present an explosion hazard.	
Lower: Upper:	Not determined Not determined	
Vapor pressure: Density:	Not determined	ļ
Relative density	Not determined.	
Vapor density Evaporation rate	Not applicable. Not applicable.	ļ
Solubility in / Miscibility with Water:	Insoluble	
Partition coefficient (n-octanol/water):		
Viscosity: dynamic:	Not applicable.	ļ
kinematic: Other information	Not applicable. No further relevant information available.	
10 Stability and reactivity		
Reactivity No information known. Chemical stability Stable under recomn	imended storage conditions.	
Thermal decomposition / conditions to Possibility of hazardous reactions No	to be avoided: Decomposition will not occur if used and stored according to specifications.	ļ
Conditions to avoid No further relevant	it information available.	ļ
Incompatible materials: Oxidizing agents		ļ
Bases Light		ļ
Hazardous decomposition products: Carbon monoxide and carbon dioxide		
Carbon monoxide and carbon dioxide Hydrogen bromide		
11 Toxicological information		
LD/LC50 values that are relevant for c. Skin irritation or corrosion: Causes se Eye irritation or corrosion: This product is a lachrymator. Causes serious eye damage. Sensitization: No sensitizing effects kno Germ cell mutagenicity: No effects know Carcinogenicity: No classification data of Reproductive toxicity: No effects know Specific target organ system toxicity - Specific target organ system toxicity.	evere skin burns. nown. nown. a on carcinogenic properties of this material is available from the EPA, IARC, NTP, OSHA or ACGIH.	
Aspiration hazard: No effects known. Subacute to chronic toxicity: No effect		
	To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
12 Ecological information Toxicity	· · · · · · · · · · · · · · · · · · ·	
Aquatic toxicity: No further relevant information available. Persistence and degradability No further relevant information available. Bioaccumulative potential No further relevant information available. Mobility in soil No further relevant information available. Additional ecological information:		
General notes: Do not allow material to be released to the environment without proper governmental permits. Avoid transfer into the environment. Results of PBT and vPvB assessment		
PBT: Not applicable. vPvB: Not applicable.		
Other adverse effects No further releva	ant information available.	
Uncleaned packagings:	or national regulations to ensure proper disposal.	
Recommendation: Disposal must be ma	ade according to official regulations.
