2. HAZARD(S) IDENTIFICATION

sales-US@TCIchemicals.com

www.TCIchemicals.com

OSHA Haz Com: CFR 1910.1200:	Not classifiable
Signal word:	None
Hazard Statement(s):	None
Pictogram(s) or Symbol(s):	None
Precautionary Statement(s):	None

Supplementary Information:

While this material is not classified as hazardous under OSHA, this SDS contains valuable information critical to safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

3. COMPOSITION/INFORMATION ON INGREDIENTS	
Substance/Mixture:	Substance
Components:	Litmus
Percent:	
CAS Number:	1393-92-6
Chemical Formula:	
4. FIRST-AID MEASURES	
Inhalation:	Move victim to fresh air. Call emergency medical service. Give artificial respiration if victim is not breathing. Administer oxygen if breathing is difficult. Keep victim warm and quiet. Treat symptomatically and supportively. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.
Skin contact:	Remove and isolate contaminated clothing and shoes. In case of contact with substance, immediately

Remove and isolate contaminated clothing and shoes. In case of contact with substance, immediately Skin contact: flush skin with running water for at least 20 minutes. Treat symptomatically and supportively. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves. Move victim to fresh air. Check for and remove any contact lenses. In case of contact with substance, Eye contact: immediately flush eyes with running water for at least 20 minutes. Keep victim warm and quiet. Treat symptomatically and supportively. Effects of exposure to substance may be delayed. Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.

Litmus		Page 2 of 5
4. FIRST-AID MEASURES Ingestion:	If a person vomits place them in the recovery position so that vomit will not reen Rinse mouth. Keep victim warm and quiet. Loosen tight clothing such as a colla swallowed, seek medical advice immediately and show the container or label. T supportively. Ensure that medical personnel are aware of the material(s) involve protect themselves. Effects of exposure (ingestion) to substance may be delayed	r, tie, belt or waistband. If reat symptomatically and ed and take precautions to
Symptoms/effects:		
Acute: Delayed:	No data available No data available	
Immediate medical attention:	If breathing has stopped, perform artificial respiration. Use first aid treatment ac injury. Ensure that medical personnel are aware of the material(s) involved and themselves.	
5. FIRE-FIGHTING MEASURES		
Suitable extinguishing media:	Dry chemical, CO_2 , water spray, or alcohol-resistant foam. Consult with local fire attempting large scale fire fighting operations.	e authorities before
Specific hazards arising from the che Hazardous combustion products:	None	
Other specific hazards:	Closed containers may explode from heat of a fire.	
Special precautions for fire-fighters: Not available		
Special protective equipment for fire-	f ighters: g provides limited protection in fire situations ONLY; it may not be effective in spill situ	ations.
6. ACCIDENTAL RELEASE MEAS	URES	
Personal precautions:	Do not touch damaged containers or spilled material unless wearing appropriate	e protective clothing
Personal protective equipment: Emergency procedures:	(Section 8). Wear protective clothing, gloves and eye protection. In case of a spill and/or a leak, always shut off any sources of ignition, ventilate caution.	the area, and excercise
Methods and materials for containme Dike far ahead of liquid spill for later disp Environmental precautions: Prevent entry into sewers, basements o	oosal.	
7. HANDLING AND STORAGE		
Precautions for safe handling:	Provide appropriate exhaust ventilation at places where dust is formed. Normal fire protection. Follow safe industrial hygiene practices and always wear proper handling this compound.	
Conditions for safe storage: Storage incompatibilities:	Keep container tightly closed in a dry and well-ventilated place. Store away from oxidizing agents	
8. EXPOSURE CONTROLS / PER	SONAL PROTECTION	
Exposure limits:	No data available	
	cient to control airborne levels. Eyewash fountains should be provided in areas where nce. Follow safe industrial engineering/laboratory practices when handling any chemic	
Personal protective equipment		
Respiratory protection: Hand protection: Eye protection: Skin and body protection:	Dust respirator. Be sure to use a MSHA/NIOSH approved respirator or equivale Wear protective gloves. Safety glasses. Lab coat.	nt.
Skin and body protection: 9. PHYSICAL AND CHEMICAL PR	Lab coat.

be kept to a minimum. Always follow safe industrial hygiene practices and wear proper protective equipment when handling this compound. **Potential Health Effects:**

No specific information available; skin and eye contact may result in irritation. May be harmful if inhaled or ingested. **Target organ(s):** No data available **TCI AMERICA**

12. ECOLOGICAL INFORMATION

Ecotoxicity Fish: Crustacea: Algae:	No data available No data available No data available
Persistence and degradability:	No data available
Bioaccumulative potential (BCF):	No data available
Mobillity in soil:	No data available
Partition coefficient:	No data available
n-octanol/water (log Pow)	
Soil adsorption (Koc):	No data available
Henry's Law:	No data available
constant (PaM³/mol)	
13. DISPOSAL CONSIDERATIONS	
Disposal of product:	Recycle to process if possible. It is the generator's responsibility to comply with Federal, State and Local rules and regulations. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. This section is intended to provide assistance but does not replace these laws, nor does compliance in accordance with this section ensure regulatory compliance according to the law. US EPA guidelines for Identification and Listing of Hazardous Waste are listed in 40 CFR Parts 261.
Disposal of container:	Dispose of as unused product.
Other considerations:	Observe all federal, state and local regulations when disposing of the substance.
14. TRANSPORT INFORMATION	
DOT (US)	Non-hazardous for transportation.
IATA	Non-hazardous for transportation.
IMDG	Non-hazardous for transportation.

15. REGULATORY INFORMATION

Toxic Substance Control Act (TSCA 8b.):

This product is NOT on the EPA Toxic Substances Control Act (TSCA) inventory. The following notices are required by 40 CFR 720.36 (C) for those products not on the inventory list:

(i) These products are supplied solely for use in research and development by or under the supervision of a technically qualified individual as defined in 40 CFR 720.0 et sec.

(ii) The health risks of these products have not been fully determined. Any information that is or becomes available will be supplied on a SDS sheet.

16. OTHER INFORMATION

Revision date: 10/06/2014

Revision number: 2

TCI chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its affiliates or subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our SDS are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated SDS for products that are stored for extended periods. Disposal of unused product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, face mask, fume hood). For proper handling and disposal, always comply with federal, state and local regulations.
