

Material Safety Data Sheet

HAZARD WARNINGS	RISK PHRASES	PROTECTIVE CLOTHING
	The health risks of this compound have not been fully determined. Exposure may cause irritation of the skin, eyes, and respiratory system.	

Section I. C	Chemical Product and Company Identi	fication	
Chemical Name	2,6-Dichlorobenzamide		
Catalog Number	D1177	Supplier	TCI America 9211 N. Harborgate St.
Synonym	Not available.		Portland OR 1-800-423-8616
Chemical Formula	C ₇ H ₅ Cl ₂ NO		
CAS Number	2008-58-4	In case of Emergency	Chemtrec® (800) 424-9300 (U.S.)
		Call	(703) 527-3887 (International)

Section II. Composition and Information on Ingredients					
Chemical Name		CAS Number	Percent (%)	TLV/PEL	Toxicology Data
2,6-Dichlorobenzamide		2008-58-4	Min. 97.0 (T)	Not available.	Not available.

Section III.	Hazards Identification
Acute Health Effects	No specific information is available in our data base regarding the toxic effects of this material for humans. However, exposure to any chemical should be kept to a minimum. Skin and eye contact may result in irritation. May be harmful if inhaled or ingested. Always follow safe industrial hygiene practices and wear proper protective equipment when handling this compound.
Chronic Health Effects	CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged exposure to this compound is not known to aggravate existing medical conditions.

Section IV.	First Aid Measures
Eye Contact	Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention.
Skin Contact	In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.
Inhalation	If the victim is not breathing, perform mouth-to-mouth resuscitation. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, oxygen can be administered. Seek medical attention if respiration problems do not improve.
Ingestion	INDUCE VOMITING by sticking finger in throat. Lower the head so that the vomit will not reenter the mouth and throat. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive.

Section V.	Fire and Explosion Data			
Flammability	May be combustible at high temperature.	Auto-Ignition	Not available.	
Flash Points	Not available.	Flammable Limits	Not available.	
Combustion Products		These products are toxic carbon oxides (CO, CO ₂), nitrogen oxides (NO, NO ₂), halogenated compounds. WARNING: Highly toxic HCl gas is produced during combustion.		
Fire Hazards	Not available.	Not available.		
Explosion Hazards		Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.		
Fire Fighting Media and Instructions	SMALL FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam Consult with local fire authorities before atte		ations.	

D1177	2,6-L	Dichlorobenzamide	Page 2
Section VI.	Accidental Release Measures		
Spill Cleanup Instructions			ainer. Finish cleaning the spill by rinsing any state, and/or local authorities for assistance on
Section VII.	Handling and Storage		
Handling and Storage Information	Keep away from heat. Mechanical exhaust place. Avoid excessive heat and light. Do not Always store away from incompatible compou	ot breathe dust.	ghtly seal the container and store in a dry, cool
Section VIII.	Exposure Controls/Personal I	Protection	
Engineering Controls			rols to keep airborne levels below recommended ation to keep exposure to airborne contaminants
Personal Protection	Splash goggles. Lab coat. Dust respirator. specialist BEFORE handling this product. B		otective clothing might not be sufficient; consult a approved respirator or equivalent.
Exposure Limits	Not available.		
Section IX.	Physical and Chemical Prope	rties	
Physical state @ 20°C	Solid. (Crystal, powder. White, slightly pale reddish yellow.)	Solubility	Soluble in methanol.
Specific Gravity	Not available.		
Molecular Weight	190.03	Partition Coefficient	LOG K _{ov} : 0.77
Boiling Point	Not available.	Vapor Pressure	Not applicable.
Melting Point	200°C (392°F)	Vapor Density	Not available.
Refractive Index	Not available.	Volatility	Not available.
Critical Temperature	Not available.	Odor	Not available.
Viscosity	Not available.	Taste	Not available.
Section X.	Stability and Reactivity Data		
Stability	This material is stable if stored under proper of	conditions. (See Section VII for	instructions)
Conditions of Instability	Avoid excessive heat and light.		
Incompatibilities	Reactive with oxidizing agents.		
Section XI.	Toxicological Information		
RTECS Number	Not available.		
Routes of Exposure	Eye Contact. Ingestion. Inhalation.		
Toxicity Data	Not available.		
Chronic Toxic Effects	CARCINOGENIC EFFECTS: Not available. MUTAGENIC EFFECTS: Not available. TERATOGENIC EFFECTS: Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged exposure to this comp		e existing medical conditions.
Acute Toxic Effects	exposure to any chemical should be kept to	a minimum. Skin and eye co	effects of this material for humans. However, ontact may result in irritation. May be harmful if r proper protective equipment when handling this

Section XII.	Ecological Information
Ecotoxicity	Not available.
Environmental Fate	Not available.

Waste Disposal	Recycle to process, if possible. Consult your local regional authorities. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. Observe all federal, state and local regulations when disposing of the substance.
Section XIV.	Transport Information
DOT Classification	Not a DOT controlled material (United States).
PIN Number	Not applicable.
Proper Shipping Name	Not applicable.
Packing Group (PG)	Not applicable.
DOT Pictograms	

2,6-Dichlorobenzamide

Section XV. O	ther Regulatory Information and Pictograms
TSCA Chemical Inventory (EPA)	This product is NOT on the EPA Toxic Substances Control Act (TSCA) inventory. The following notices are required by 40 CFR 720.36 (C) for those products not on the inventory list: (i) These products are supplied solely for use in research and development by or under the supervision of a technically qualified individual as defined in 40 CFR 720.0 et sec. (ii) The health risks of these products have not been fully determined. Any information that is or becomes available will be supplied on an MSDS sheet.
WHMIS Classification (Canada)	Not controlled under WHMIS (Canada).
EINECS Number (EEC)	217-918-4
EEC Risk Statements	Not available.
Japanese Regulatory Data	Not available.

Section XVI. Other Information

Version 1.0 Validated on 12/10/2010. Printed 12/10/2010.

Disposal Considerations

Section XIII.

Notice to Reader

TCI laboratory chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim to be all inclusive and should be used only as a guide. Neither the above named supplier nor any of its subsidiaries assumes any liability whatsoever for the accuracy or completeness of the information contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards and who have been fully trained in proper safety, laboratory, and chemical handling procedures. Although certain hazards are described herein, we can not guarantee that these are the only hazards which exist. Our MSDS sheets are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of the user to request updated MSDS sheets for products that are stored for extended periods. Disposal of nunsed product must be undertaken by qualified personnel who are knowledgeable in all applicable regulations and follow all pertinent safety precautions including the use of appropriate protective equipment (e.g. protective goggles, protective clothing, breathing equipment, facial mask, fume hood). For proper handling and disposal, always comply with federal, state, and local regulations.

Printed 12/10/2010.
