

Material Safety Data Sheet

HAZARD WARNINGS

RISK PHRASES

The health risks of this compound have not been fully determined. Exposure may cause irritation of the skin, eyes, and respiratory system.

Section I. (Chemical Produ	ict and Col	mpany Ide	entificat	ion			
Chemical Name	•	2-(3-sec-Butyl-5-tert-butyl-2-hydroxyphenyl) benzotriazole						
Catalog Number	B3400				Supplier	TCI America		
Synonym	Phenol. 2-(2H-b	Phenol, 2-(2H-benzotriazol-2-yl)-4-(1,1-dimethylethyl)-			-	9211 N. Harborgate St. Portland OR 1-800-423-8616		
o y non y ni	6-(1-methylprop	6-(1-methylpropyl)- (CA INDEX NAME)						
Chemical Formula	C ₂₀ H ₂₅ N ₃ O	$C_{20}H_{25}N_3O$			In case of	Chemtrec®		
CAS Number	36437-37-3				Emergency Call	(800) 424-9300 (U.S.) (703) 527-3887 (International)		
Section II.	Composition a	nd Informa	tion on In	aredien	ts			
Chemical		CAS Number	Percent (%)	í	TLV/PEL	Toxicology Data		
2-(3-sec-Butyl-5-tert-but benzotria		36437-37-3	Min. 97.0 (GC)	Not availab	le.	Not available.		
Section III.	Hazards Identi	fication						
Acute Health Effects	exposure to any ch inhaled or ingested this compound.	No specific information is available in our data base regarding the toxic effects of this material for humans. However, exposure to any chemical should be kept to a minimum. Skin and eye contact may result in irritation. May be harmful if inhaled or ingested. Always follow safe industrial hygiene practices and wear proper protective equipment when handling this compound.						
Chronic Health Effects Section IV.		ECTS : Not availab FECTS : Not avai TOXICITY: Not av ged exposure to th	ole. ilable. vailable.	ot known to a	aggravate existing	g medical conditions.		
Eye Contact	Check for and rem	"st Aid Measures Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15						
Skin Contact	In case of contact,	minutes. Get medical attention. In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.						
Inhalation		If the victim is not breathing, perform mouth-to-mouth resuscitation. Loosen tight clothing such as a collar, tie, belt or waistband. If breathing is difficult, oxygen can be administered. Seek medical attention if respiration problems do not						
Ingestion	Loosen tight cloth resuscitation. Exa	INDUCE VOMITING by sticking finger in throat. Lower the head so that the vomit will not reenter the mouth and throat. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Examine the lips and mouth to ascertain whether the tissues are damaged, a possible indication that the toxic material was ingested; the absence of such signs, however, is not conclusive.						
Section V.	Fire and Explos	sion Data						
Flammability	May be combustible	e at high temperatu	re. A	uto-Ignition	Not a	vailable.		
Flash Points	215°C (419°F)		Flar	nmable Lim	nits Not a	vailable.		
Combustion Products	These products are	These products are toxic carbon oxides (CO, CO ₂), nitrogen oxides (NO, NO ₂).						
Fire Hazards	Not available.							
Explosion Hazards		Risks of explosion of the product in presence of mechanical impact: Not available. Risks of explosion of the product in presence of static discharge: Not available.						
Fire Fighting Media and Instructions	LARGE FIRE: Use	SMALL FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam. DO NOT use water jet. Consult with local fire authorities before attempting large scale fire-fighting operations.						

B3400	2-(3-sec-Butyl-	5-tert-butyl-2-hydr benzotriazole	oxyphenyl) Page 2			
Section VI.	Accidental Release Measures	5				
Spill Cleanup Instructions	Use a shovel to put the material into a convenient waste disposal container. Finish cleaning the spill by rinsing any contaminated surfaces with copious amounts of water. Consult federal, state, and/or local authorities for assistance on disposal.					
Section VII.	Handling and Storage					
Handling and Storage Information	Keep away from heat. Mechanical exhaust required. When not in use, tightly seal the container and store in a dry, cool place. Avoid excessive heat and light. Do not breathe dust. Always store away from incompatible compounds such as oxidizing agents.					
Section VIII.	Exposure Controls/Personal Protection					
Engineering Controls	Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.					
Personal Protection		Splash goggles. Lab coat. Dust respirator. Boots. Gloves. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product. Be sure to use a MSHA/NIOSH approved respirator or equivalent.				
Exposure Limits	Not available.					
Section IX.	Physical and Chemical Prope	erties				
Physical state @ 20°C	Solid. (Light yellow ~ pale yellowish-green, crystal ~ powder.)	Solubility	Not available.			
Specific Gravity	Not available.					
Molecular Weight	323.43	Partition Coefficient	Not available.			
Boiling Point	Not available.	Vapor Pressure	Not applicable.			
Melting Point	84℃ (183.2°F)	Vapor Density	Not available.			
Refractive Index	Not available.	Volatility	Not available.			
Critical Temperature	Not available.	Odor	Not available.			
Viscosity	Not available.	Taste	Not available.			
Section X.	Stability and Reactivity Data					
Stability	This material is stable if stored under proper	conditions. (See Section VII for	instructions)			
Conditions of Instability	Avoid excessive heat and light.					
Incompatibilities	Reactive with oxidizing agents.					
Section XI.	Toxicological Information					
RTECS Number	Not available.					
Routes of Exposure	Eye Contact. Ingestion. Inhalation.					
Toxicity Data	Not available.					
Chronic Toxic Effects	CARCINOGENIC EFFECTS : Not available MUTAGENIC EFFECTS : Not available. TERATOGENIC EFFECTS : Not available. DEVELOPMENTAL TOXICITY: Not available. Repeated or prolonged exposure to this com	e.	existing medical conditions.			
Acute Toxic Effects	No specific information is available in our data base regarding the toxic effects of this material for humans. However, exposure to any chemical should be kept to a minimum. Skin and eye contact may result in irritation. May be harmful if inhaled or ingested. Always follow safe industrial hygiene practices and wear proper protective equipment when handling this compound.					
Section XII.	Ecological Information					
Ecotoxicity	Not available.					
Environmental Fate	Not available.

Section XIII.	Disposal Considerations
Waste Disposal	Recycle to process, if possible. Consult your local regional authorities. You may be able to dissolve or mix material with a combustible solvent and burn in a chemical incinerator equipped with an afterburner and scrubber system. Observe all federal, state and local regulations when disposing of the substance.
Section XIV.	Transport Information
DOT Classification	Not a DOT controlled material (United States).
PIN Number	Not applicable.
Proper Shipping Name	Not applicable.
Packing Group (PG)	Not applicable.
DOT Pictograms	\bigotimes
Section XV.	Other Regulatory Information and Pictograms
TSCA Chemical Invento	ry This compound is ON the EPA Toxic Substances Control Act (TSCA) inventory list.

TSCA Chemical Inventory (EPA)	This compound is ON the EPA Toxic Substances Control Act (TSCA) inventory list.			
WHMIS Classification (Canada)	On DSL.			
EINECS Number (EEC)	253-037-1			
EEC Risk Statements	Not available.			
Japanese Regulatory Data	a ENCS No. 5-3604			

Section XVI. Other Information

Version 1.0 Validated on 12/29/2009. Printed 12/29/2009.

Notice to Reader

TCI laboratory chemicals are for research purposes only and are NOT intended for use as drugs, food additives, households, or pesticides. The information herein is believed to be correct, but does not claim contained herein. Final determination of suitability of any material is the sole responsibility of the user. All chemical reagents must be handled with the recognition that their chemical, physiological, toxicological, and hazardous properties have not been fully investigated or determined. All chemical reagents should be handled only by individuals who are familiar with their potential hazards are described herein, we can not guarantee that these are the only hazards which exist. Our MSDS sheets are based only on data available at the time of shipping and are subject to change without notice as new information is obtained. Avoid long storage periods since the product is subject to degradation with age and may become more dangerous or hazardous. It is the responsibility of follow are follow and follow all pertinent safety, above completive equipment (e.g. protective goggles, protective clothing, breathing equipment, facial mask, fume hood). For proper handling and disposal, always comply with federal, state, and local regulations.
